Claire Mairead

Call to order and welcoming comments – Delegate Hope

Roll Call - Agnes Dymora

Executive Director Jeff Lunardi provided an overview and status of the legislation and budget bills that the JCHC put forward in the 2022 session.

Kyu Kang provided an update on the JCHC Virginia Health Care Dashboard metrics that have been updated or added since last year. The members discussed the dashboard and decided that the Executive Subcommittee will make a decision about how the dashboard should look and what metrics should be included in the future.

Staff presented the workplan for each of the four studies for 2022.

Secretary of Health and Human Resources, John Littel, provided the Members with an update on the Administration's health care priorities, which included the current status of the pandemic, redetermination of the Medicaid population, Virginia's foster care system, workforce for state hospitals, mental health services for students, and the baby formula shortage.
