

2022 Study Topic Discussion

October 5, 2021
JCHC Executive Subcommittee

Agenda

Overview of the study selection process

Current proposed studies

Additional study topics and prioritization

Next steps

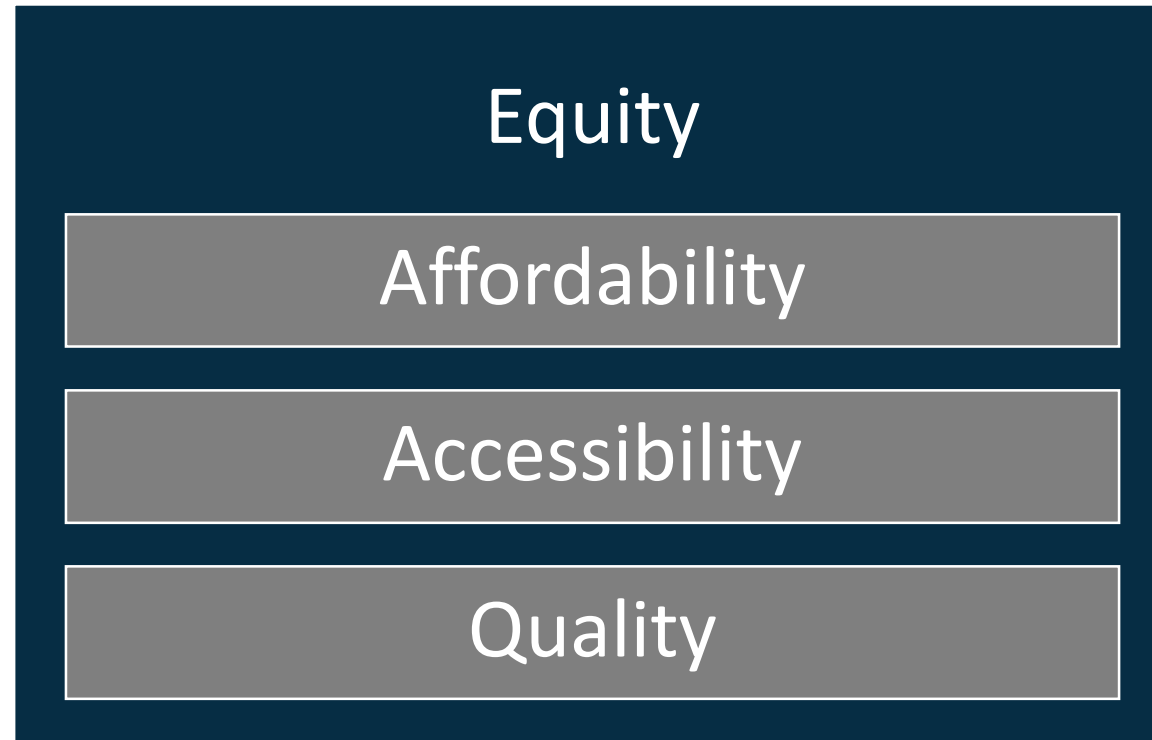

Purpose of study selection process

- Enable JCHC Members to proactively identify the highest priority topics
- Prioritize those topics with input from the full Commission
- Determine which topics are appropriate for a staff study versus stakeholder input or workgroups

Study selection timeline

September 21st	Solicit initial input from Members on potential 2022 study topics
October 5th	Executive subcommittee reviews potential studies and narrows the list to the top priorities
November 16th	Draft study resolutions provided to Members
Late November	Members vote on their highest priority studies (rank choice voting)
December 7th	Voting results provided to Members for formal approval of highest priority study resolutions
January – March	Staff tracks study resolutions during session and communicates with Members to determine if studies need to be reprioritized

JCHC strategic objectives guide study topics
